CrossWord Bible Study

Why Did God Choose Noah?

INSTRUCTIONS: Using your Bible, fill in the missing words on the cross, starting at 1 across.

In Genesis 6:9 this verse tells us that God chose Noah because "he was (1across) in his (2across),"

The King James Bible defines the meaning of it's words. The word (2across) is used 114 times in the Bible. Each time it's use is the same as in Genesis 5:1. "This is the book of the (2 across) of Adam. In the day that God created man, in the likeness of God made he him;"

We can see by it's use here and the other 114 times that this word means genetics, family tree, roots, etc. Was there a problem with the genetics of the people that God would want someone that was "(1across) in his (2 across)"?

Let's take a look at this verse; Genesis 6:2 — "That the (1 down) (2 down) (3 down) saw the (3 across) of men that they were fair; and they took them wives of all which they chose."

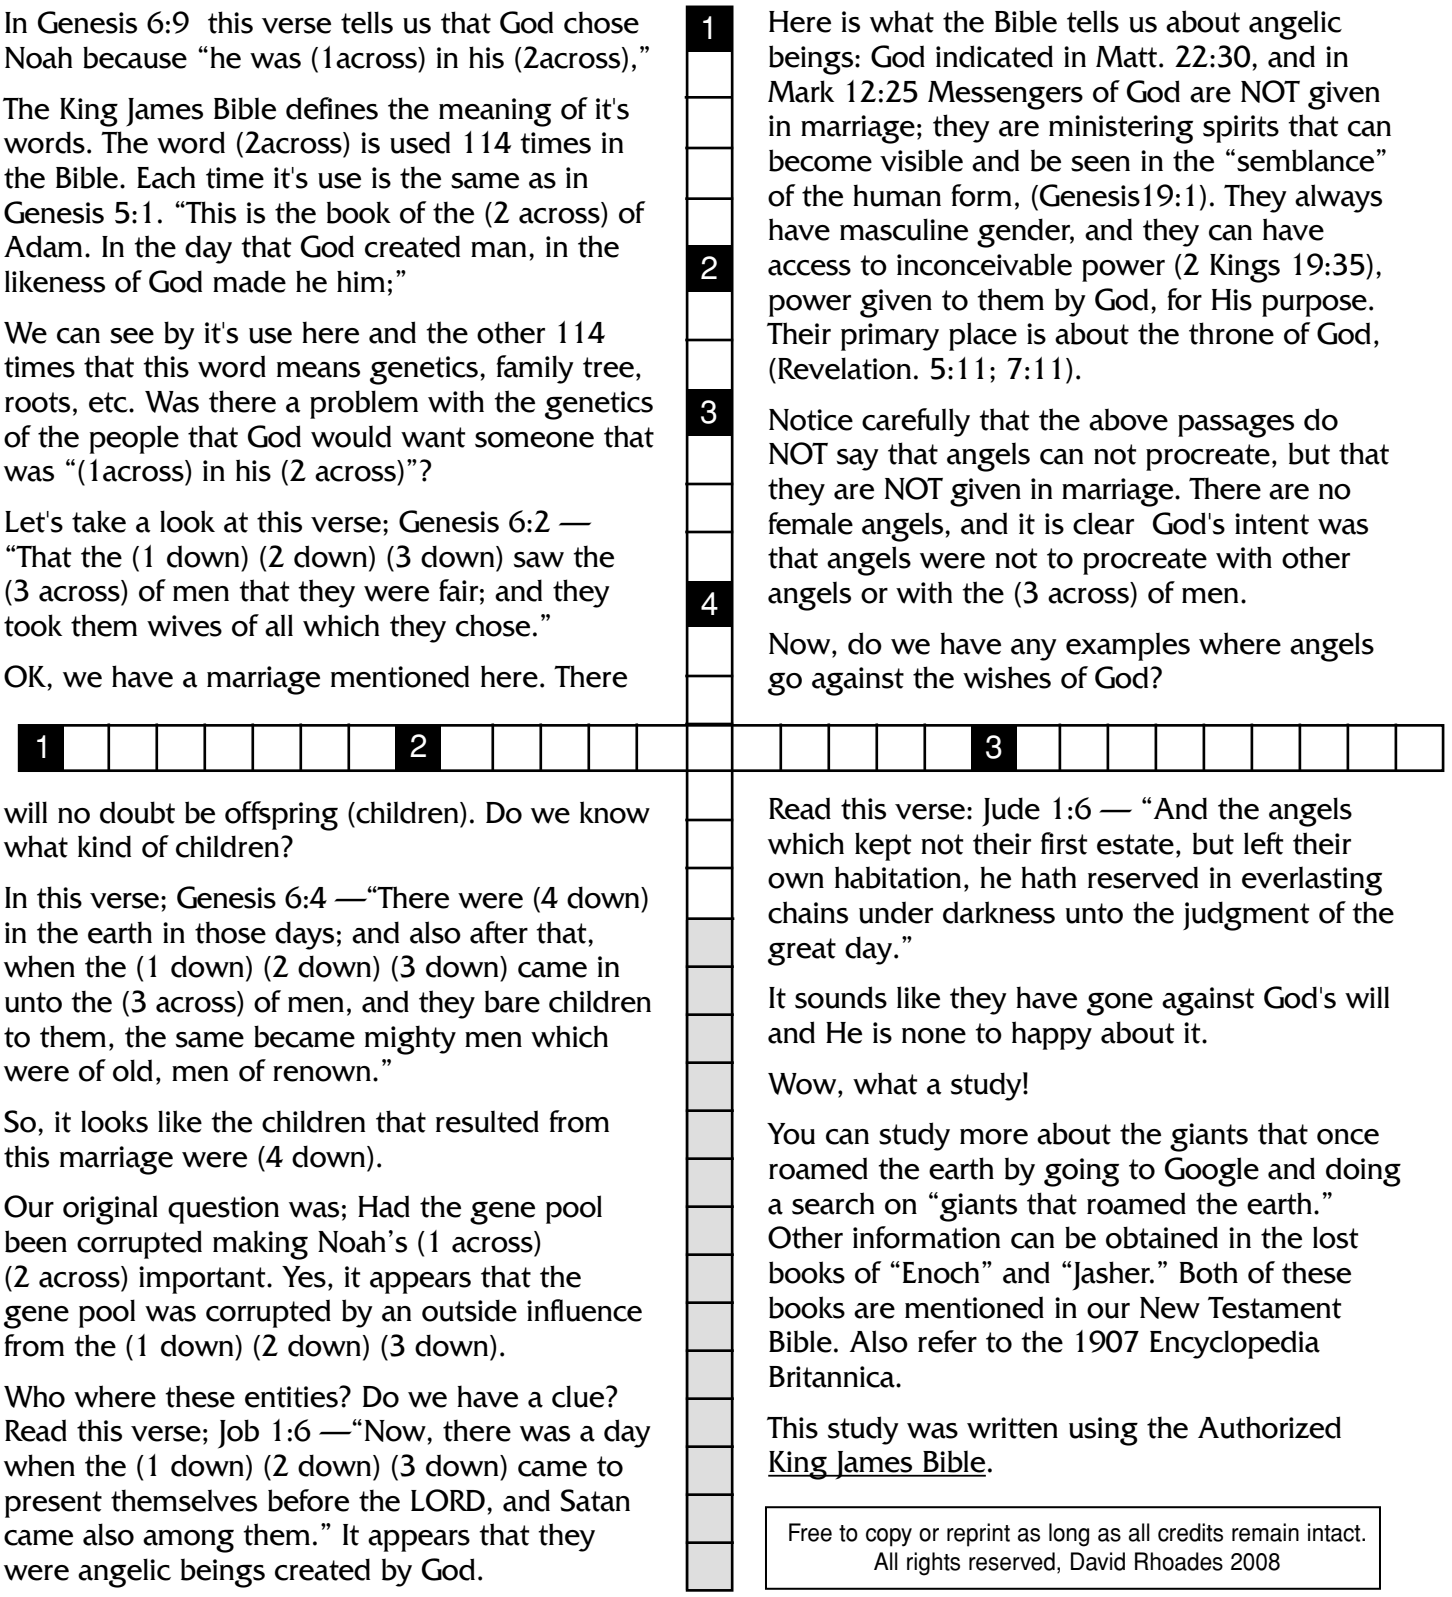
OK, we have a marriage mentioned here. There will no doubt be offspring (children). Do we know what kind of children?

In this verse; Genesis 6:4 —"There were (4 down) in the earth in those days; and also after that, when the (1 down) (2 down) (3 down) came in unto the (3 across) of men, and they bare children to them, the same became mighty men which were of old, men of renown."

So, it looks like the children that resulted from this marriage were (4 down).

Our original question was; Had the gene pool been corrupted making Noah's (1 across) (2 across) important. Yes, it appears that the gene pool was corrupted by an outside influence from the (1 down) (2 down) (3 down).

Who where these entities? Do we have a clue? Read this verse; Job 1:6 —"Now, there was a day when the (1 down) (2 down) (3 down) came to present themselves before the LORD, and Satan came also among them." It appears that they were angelic beings created by God.



Here is what the Bible tells us about angelic beings: God indicated in Matt. 22:30, and in Mark 12:25 Messengers of God are NOT given in marriage; they are ministering spirits that can become visible and be seen in the "semblance" of the human form, (Genesis19:1). They always have masculine gender, and they can have access to inconceivable power (2 Kings 19:35), power given to them by God, for His purpose. Their primary place is about the throne of God, (Revelation. 5:11; 7:11).

Notice carefully that the above passages do NOT say that angels can not procreate, but that they are NOT given in marriage. There are no female angels, and it is clear God's intent was that angels were not to procreate with other angels or with the (3 across) of men.

Now, do we have any examples where angels go against the wishes of God?

Read this verse: Jude 1:6 — "And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day."

It sounds like they have gone against God's will and He is none to happy about it.

Wow, what a study!

You can study more about the giants that once roamed the earth by going to Google and doing a search on "giants that roamed the earth." Other information can be obtained in the lost books of "Enoch" and "Jasher." Both of these books are mentioned in our New Testament Bible. Also refer to the 1907 Encyclopedia Britannica.
